Pewaukee, Wisconsin. February 11, 2026 — 2W Technologies, INC announced today that CRN, a brand of the Channel Company, has named 2W Tech to its Managed Service Provider (MSP) list in the Pioneer 250 category for 2026. The annual MSP 500 list recognizes the top service providers in North America who are fostering a new era of growth and innovation in the channel. These providers utilize forward-thinking strategies in managed services to enhance efficiency and simplify IT solutions for end users, all while maximizing their return on investment.

This is 2W Tech's seventh consecutive win in the Pioneer 250 category. The MSP Pioneer 250 category recognizes companies with business models weighted toward managed services and focused on the small-and-midsize business market.

The MSP 500 list highlights and honors MSPs that are spearheading growth and innovation. These solutions enable businesses to leverage complex technologies, allowing them to achieve their goals without overextending their financial resources.

"Sustained recognition on the MSP 500 list is a testament to the trust our clients place in us and the relentless dedication of our team," said Mark Jamieson, President & CEO of 2W Technologies, Inc. "Manufacturers and Distributors are navigating unprecedented complexity, from cybersecurity threats to cloud transformation to AI adoption. Our mission is to simplify that journey and deliver technology programs that create real, measurable business value. None of that is possible without the exceptional 2W Tech team, whose expertise, passion, and commitment to our clients set us apart year after year."

"The companies on our 2026 MSP 500 list are redefining what exceptional managed services look like, helping organizations of every size stay agile, maximize their IT investments and scale with confidence," said Jennifer Follett, VP of U.S. Content and Executive Editor, CRN, The Channel Company. "These are the innovators who stay ahead of customer needs and deliver transformative services that free businesses to focus on what they do best and accelerate their success. ""

The MSP 500 list will be featured in the February 2026 issue of CRN Magazine and online at [www.crn.com/msp500](http://www.crn.com/msp500) beginning February 11.
